

Dr Brodie Daniels

Specialist Scientist, SAMRC

Project Management

QUALIFICATIONS

MSc Microbiology, PhD Biochemistry

BIOSKETCH

Her research focuses on epidemiology, HIV prevention, maternal and child health, and implementation science.

Since 2009, she has led and contributed to multiple HIV vaccine, and COVID-19 studies, with research informing national and World Health Organization guidelines.

She is committed to strengthening research capacity and translating evidence into policies and interventions that improve public health.

She will provide scientific communication and knowledge translation support to the STEAM-3D project.

STEAM-3D

Sustainable Training in Epidemiological Analysis and Modelling
for Data-Driven Decision Making in Africa

SOUTH AFRICA | MALAWI | MOZAMBIQUE | CAMEROON | BELGIUM
