

Rafica Razac

Head of the Statistics Centre, UEM

Co-Investigator

QUALIFICATIONS

MSc in Business Management

BIOSKETCH

Extensive experience in higher education, postgraduate training and professional development.

Her work focuses on applied statistics, particularly econometrics, multivariate analysis, regression modelling and quantitative research methodology.

Her professional experience includes coordinating short courses in management, quantitative research methods and data analysis.

At Universidade Eduardo Mondlane, she contributes to specialized statistical training, applied research and consultancy through the Statistics Centre, with an emphasis on strengthening quantitative skills for evidence-based decision-making.

STEAM-3D

Sustainable Training in Epidemiological Analysis and Modelling
for Data-Driven Decision Making in Africa
