QUALIFICATIONS

Master of Statistics and Data Science in
Biostatistics

BIOSKETCH

Rashider Aloni is a PhD researcher in Statistics and Data Science at Hasselt University, collaborating with the South African Medical Research Council through the STEAM-3D project.

Her research focuses on spatio-temporal modelling, infectious-disease surveillance and the application of statistical and machine-learning methods to public-health data.

She holds a Master of Statistics and Data Science in Biostatistics, completed with distinction, and has presented her research at international scientific conferences.

STEAM-3D

Sustainable Training in Epidemiological Analysis and Modelling
for Data-Driven Decision Making in Africa
