Dr Reshmi Dassaye

Senior Scientist, SAMRC

Scientific Support

BIOSKETCH

Dr Reshmi Dassaye is a Senior Scientist at the HIV and Other Infectious Diseases Research Unit (HIDRU) of the South African Medical Research Council (SAMRC), with over 15 years of experience in clinical and epidemiological research.

Her expertise includes HIV, sexually transmitted infections, maternal and child health, clinical trial management, and implementation research.

Within the STEAM-3D project, she provides scientific and research support, contributing to research governance, capacity strengthening, and multidisciplinary collaboration to advance data science training and data-driven research across Southern Africa.

STEAM-3D

Sustainable Training in Epidemiological Analysis and Modelling
for Data-Driven Decision Making in Africa
